Price List of Dahlias

Grown and Offered For Sale by

FRANK C. MULKEY

3863 South Hobart Boulevard, Los Angeles, Calif.

TO MY FRIENDS AND CUSTOMERS:

In presenting to you my seventh Annual Catalogue, I desire to express my thanks for past favors, and will endeavor to merit your confidence in the future by sending out only first-class stock true to name. Should any prove otherwise, it will be cheerfully replaced.

SEED

Probably the most fascinating part of growing dahlias is to be derived from growing them from seed. From seed, all of the new varieties are obtained. They are seldom like the parent plant, either in form or color, and one never knows when he will get a prize winner. Many of the finest dahlias of today were produced from seed grown by amateurs and sold to commercial growers for fancy prices. Each year I have a small amount of seed in excess of my requirements that I release to my customers. This seed is all hand-picked and cleaned, and is selected from the highest type parents. It is expensive to produce, and sells for \$2.00 per hundred seeds for the large types, and \$1.00 per hundred for the pompon and collarette types. This seed may be had from individual parents or mixed. Please state whether you desire Decorative, Hybrid Cactus, Cactus, or Peony types. Plants from seed will bloom and produce good clumps of tubers the first year.

Terms: Cash or references from unknown persons.

Transportation: I prepay charges on all retail orders. Wholesale orders, F. O. B. Los Angeles. No charge for packing.

Substitution: I do not substitute without permission.

Forwarding: Tubers are shipped after danger of frost is passed, unless expressly ordered otherwise, then at purchaser's risk.

Prices Quoted: Are for strong field-grown divisions, and are guaranteed to be in growing condition when shipped.

Complete cultural directions are enclosed with each order.

Member: American Dahlia Society, Dahlia Society of Southern California, Dahlia Society of California.

TROPHIES WON

My Dahlias won two silver cups, one gold, one silver and three bronze medals, several ribbons and cash prizes, at the Los Angeles shows during the past two seasons. With the keen competition always encountered at Los Angeles shows, it takes Dahlias of real merit to win.

NON-GUARANTEE CLAUSE

While we guarantee all tubers purchased to be true to name and description as grown by us, there are so many contingencies to be encountered in growing and in setting out tubers and plants that are dependent on the weather and other conditions over which we have no control that success in planting is not altogether dependent on seed, tubers or plants. We will send out only such seed, tubers or plants which we believe will grow and produce the kind of plant and variety represented, but we give no warranty, expressed or implied, as to the quality, productiveness or any other matter of any seed, tubers or plants we send out, and we will not be responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

MULKEY'S DAHLIA GARDENS.
